RISK MANAGEMENT

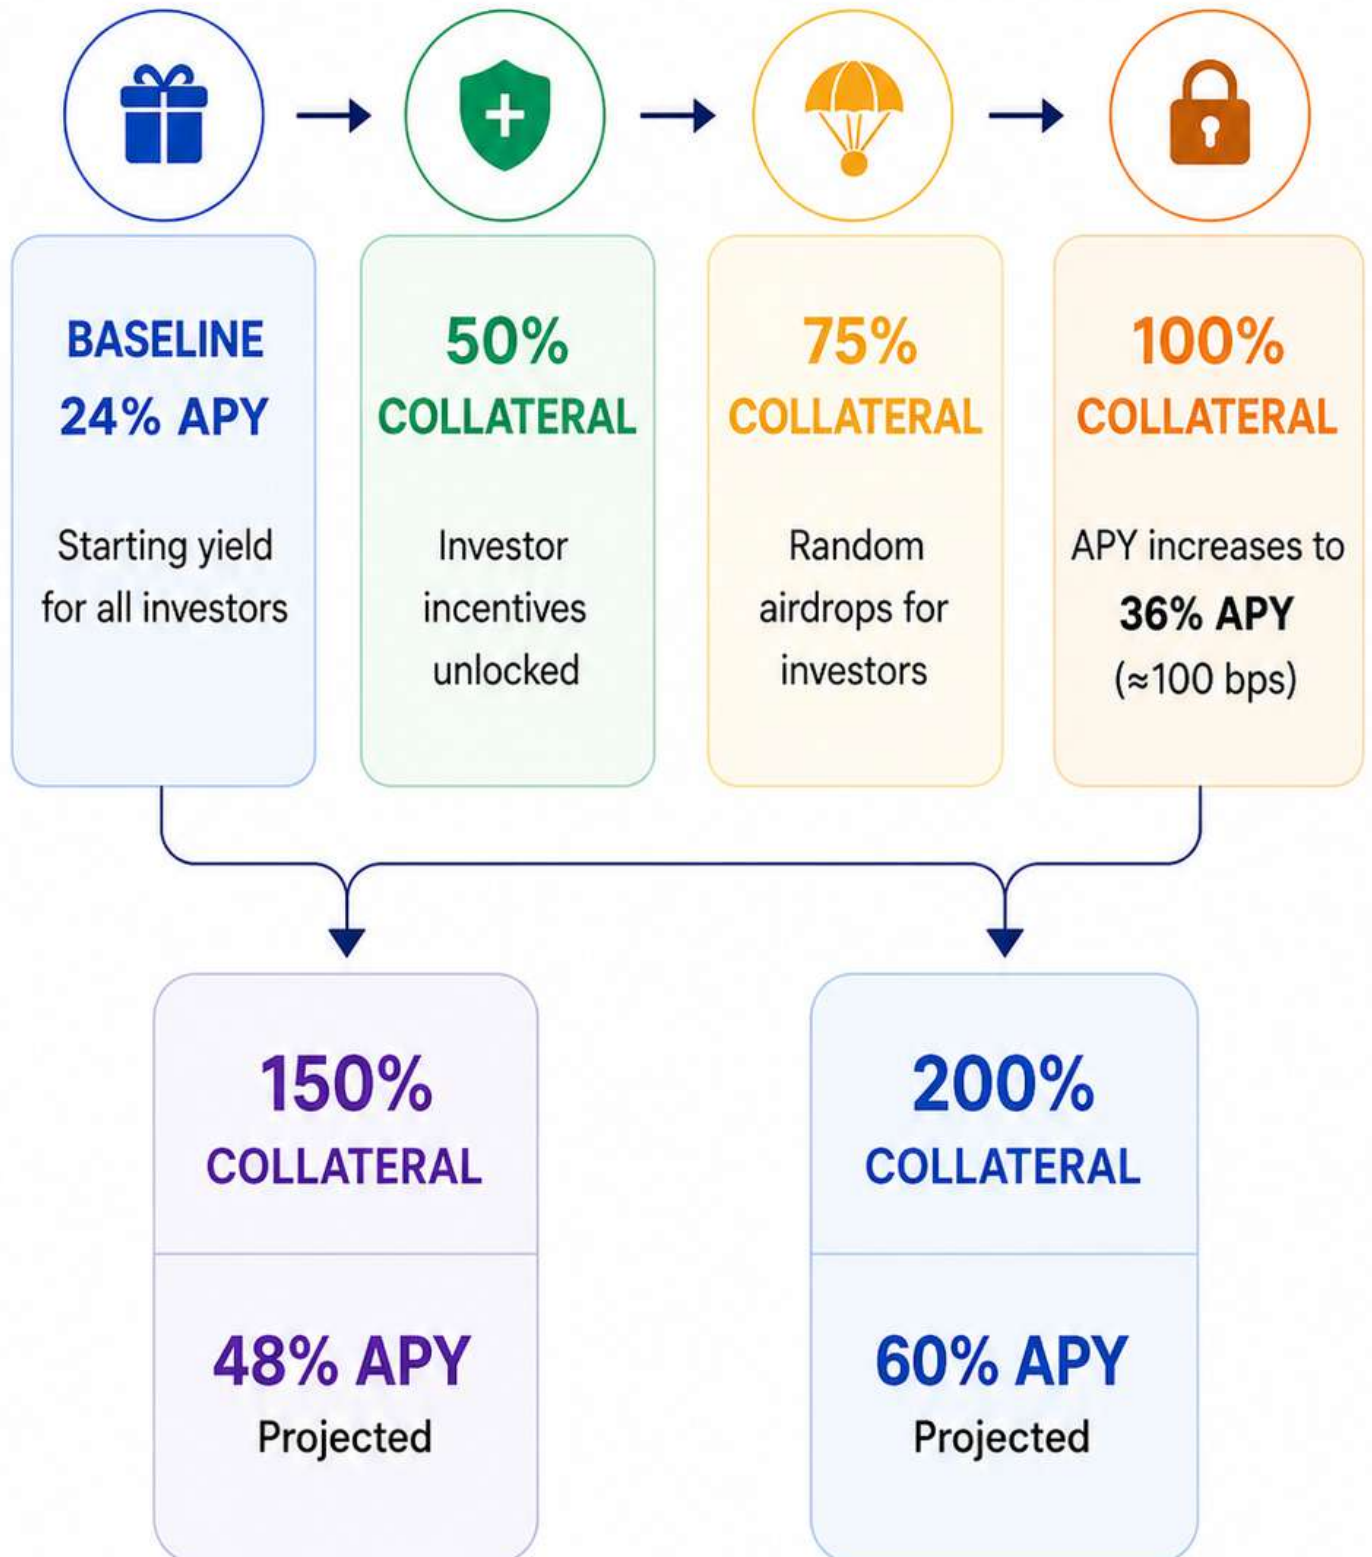

Identifying Risks. Implementing Protection.

RISK		MITIGATION
	Market Volatility	Diversified across ETH, BTC, and Gold
	Stablecoin Risk	50% USDT / 50% USDC allocation strategy
	Smart Contract Risk	Multi-protocol deployment reduces single-point risk
	Liquidity Risk	Deployed on high-volume, battle-tested protocols
	Drawdown Risk	Collateral Vault provides downside protection
	Operational Risk	Transparent operations, audits & best practices

Risk management is at the core of everything we do.
